

User Guide – Kaka Memorial Foundation

This guide walks you through everything you can do on the Kaka Memorial Foundation website – from creating an account to registering for events, making a donation, and recovering your password.

Table of Contents

- 1. [Exploring the Website](#)
- 2. [Creating an Account \(Sign Up\)](#)
- 3. [Signing In](#)
- 4. [Registering for an Event](#)
- 5. [Making a Donation](#)
- 6. [Joining as a Partner or Volunteer](#)
- 7. [Subscribing to the Newsletter](#)
- 8. [Contacting the Foundation](#)
- 9. [Forgetting Your Password \(Password Recovery\)](#)
- 10. [Signing Out](#)

1. Exploring the Website

The Kaka Memorial Foundation website has several public pages you can browse without an account:

Page	What you will find
Home (/)	Overview of the foundation's mission, impact statistics, recent projects carousel, and a call to action
About (/about)	The foundation's story, goals, SDG alignment, and team
Causes (/causes)	The three focus areas: education, clean water, and partnerships
Events (/events)	Upcoming and ongoing events you can register for
Join Us (/join-us)	Partner and volunteer registration forms, and the donation section
Contact (/contacts)	A form to send a message directly to the foundation

2. Creating an Account (Sign Up)

Go to </sign-up> or click **Sign In → Create Account** in the navigation.

What you will need to fill in

Field	Notes
Full Name	Your first and last name
Email Address	This will be your login username
Password	Must meet all five strength requirements (see below)
Security Question	Choose one from the dropdown - this is used if you ever forget your password
Your Answer	Your answer to the chosen question; not case-sensitive

Password requirements

Your password must include all of the following:

- At least 8 characters
- At least one uppercase letter (A–Z)
- At least one lowercase letter (a–z)
- At least one number (0–9)
- At least one special character (e.g., `!`, `@`, `#`, `$`, `%`)

As you type, a **strength bar** and a **checklist** will show you which requirements you have met. The Create Account button will stay disabled until all five are satisfied and you have typed a security answer.

Why is a security question required?

The foundation does not send password-reset emails. Instead, your security question is the only way to verify your identity if you ever forget your password. Choose a question whose answer you will remember, and give an honest, specific answer.

Your security answer is stored securely and is never visible to anyone, including foundation staff.

After signing up

Once your account is created, you are signed in automatically and redirected to the home page (or back to the page you were trying to reach).

3. Signing In

Go to </sign-in> or click **Sign In** in the navigation.

1. Enter your **Email Address** and **Password**.
2. Click **Sign In**.

If your credentials are correct you will be redirected to your destination. If you see an error, double-check your email and password. If you have forgotten your password, use the **Forgot password?** link next to the Password label.

4. Registering for an Event

You must be signed in to register for an event.

1. Go to the **Events** page (</events>).
2. Browse the event categories. Each card shows the event title, date, location, and a description.
3. Click **Register** (or the event card) to open the registration form.
4. Fill in your details:

Field	Required?
Full Name	Yes
Email Address	Yes
Phone Number	Yes
Organisation	No
Address	No
Comments	No

5. Click **Register** to submit.

You will see a confirmation message when your registration is saved. Each email address can only be registered once per event category - if you try to register again with the same email you will see a message saying you are already registered.

5. Making a Donation

You do not need an account to donate.

1. Go to the **Join Us** page (</join-us>) and scroll to the **Donate** section, or use the donation call-to-action on the home page.
2. Choose a donation frequency:
 - **One-time** - a single donation
 - **Monthly** - recurring monthly
 - **Annual** - once per year
3. Enter or select a donation amount.
4. Click the **PayPal** button. You will be taken to PayPal to complete the payment securely.
5. After payment, you are returned to the website and your donation is recorded automatically.

Donations are processed by PayPal. The foundation never sees your card or bank details.

6. Joining as a Partner or Volunteer

You do not need an account to submit a partner or volunteer application.

1. Go to the **Join Us** page (</join-us>).
2. Scroll to the **Partner with Us** or **Volunteer** section.
3. Fill in the form:

Field	Required?
Full Name	Yes
Email Address	Yes
Phone Number	Yes
Address	Yes
Message	Yes

4. Select whether you are applying as a **Partner** or **Volunteer**.
5. Click **Submit**.

The foundation team will review your submission and follow up with you directly by email.

7. Subscribing to the Newsletter

You do not need an account to subscribe.

Look for the **newsletter subscription** form on the website (available in the Join Us page and the footer area). Enter your email address and click **Subscribe**. You will receive foundation updates and announcements.

To unsubscribe, contact the foundation via the Contact page.

8. Contacting the Foundation

Go to the **Contact** page (</contacts>).

Fill in the form:

Field	Required?
Full Name	Yes
Email Address	Yes
Subject	No
Message	Yes

Click **Send Message**. The foundation team will see your message in their admin panel and may follow up by email.

9. Forgetting Your Password (Password Recovery)

If you forget your password, you can reset it without needing a reset email. The process uses the security question you chose when you signed up.

Step 1 - Enter your email

1. On the sign-in page, click **Forgot password?** (next to the Password label).
2. You are taken to </forgot-password>.
3. Enter the **email address** associated with your account.
4. Click **Continue**.

If the account exists and has a security question set, the page will advance to the next step.

Step 2 – Answer your security question

1. Your security question will be shown (e.g., "What is the name of your first pet?").
2. Type your answer. Answers are not case-sensitive.
3. Click **Verify Answer**.

You have up to 5 attempts before the system temporarily locks the email address for 15 minutes. If you answer correctly, the page advances to the final step.

Step 3 – Set a new password

1. Type your **new password**. It must meet all five requirements:
 - At least 8 characters
 - One uppercase letter
 - One lowercase letter
 - One number
 - One special character
2. The strength bar and checklist will guide you in real time.
3. Type the new password again in **Confirm New Password**.
4. Click **Reset Password**.

On success, all your existing sessions are signed out for security, and you are shown a confirmation. You can then sign in with your new password.

The reset token expires after **15 minutes**. If you take too long, start the process again from Step 1.

What if I never set a security question?

If your account was created before the security question feature was added, or if the security question was not saved during sign-up, you will see the message: *"No security question is set for this account."* In this case, please contact the foundation's technical team directly to have your password reset manually.

10. Signing Out

Click **Sign Out** in the navigation bar. Your session will end immediately and you will be returned to the home page.

For further help, use the **Contact** page to send a message to the foundation team.
